## TECHNICAL SKILLS AND PROJECTS

---

HTML, CSS, Javascript

Weather Dashboard: This is a weather app that features a search by city and a 5 day forecast. I used the Open Weather API to display the data. <https://ajshea86.github.io/shea-weatherApp/>

Stumble Upon the Force: This is a Star Wars trivia generator. It uses two APIs - SWAPI and the Star Wars Quotes API  
<https://par92.github.io/group-6/>

Day Planner: This is a quick app to help plan your day that will store persistent data. <https://ajshea86.github.io/shea-dayPlanner/>
